**Subject:** RoHS, REACH Registration and SVHC

Regarding the European Union Directives 2011/65/EU (RoHS2) & 2015/863/EU (RoHS3) – the restriction of the use of certain hazardous substances in electrical and electronic equipment:

- The content of lead, mercury, cadmium, hexavalent chromium, polybrominated biphenyls (PBB), polybrominated diphenyl ethers (PBDE), Bis(2-ethylhexyl) phthalate (DEHP), Butyl benzyl phthalate (BBP), Dibutyl phthalate (DBP) or Diisobutyl phthalate (DIBP) in products supplied by Aimtek do not exceed the maximum concentration values for such substances in homogenous materials of up to 0.01% by weight for cadmium and 0.1% for the other substances. The content of these substances in our products is negligible. The Chromium in our products is METALLIC form (zero-valent).
- Products supplied by Aimtek are compliant with the European Union Directives 2011/65/EU (RoHS2) & 2015/863/EU (RoHS3).

With respect to the application of European Union Regulation (EC) No 1907/2006 (REACH) to our products and our intention to comply with the requirements, we can assure you that:

- All products supplied by Aimtek (e.g., wire, foil, preforms) are articles under REACH.
- These articles have no intended release, as outlined in the European Chemical Agency's 'Guidance on requirements for substances in articles' (RIP 3.8), and, therefore, we have no registration obligation under REACH for the articles.
- Products supplied by Aimtek Products do not contain any significant amounts of the chemical compounds on the January 23, 2024 EU Candidate List of 240 Substances of Very High Concern (SVHC) and the maximum concentration for such substances in homogenous materials does not exceed 0.1% by weight. We will continue to monitor the candidate list as it is updated.
- More information on Substances of Very High Concern can be found at the European Chemicals Agency's website, [www.echa.europa.eu](http://www.echa.europa.eu).

If you have any additional questions, please contact our RoHS and REACH representative.
